SUPPLEMENTAL RESPONSE

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Further to the response filed November 9, 2005, in a response to the communication dated January 23, 2006, applicants advise that in addition to electing the claims of Group II, they provisionally elect the species of SEQ ID NO:14 as the polypeptide sequence to be examined first. Applicants respectfully traverse the Examiner's statement that it would be unduly burdensome to examine more than one sequence in an application, since the Examiner has made no attempt whatever to explain why such an undue burden might be deemed to exist.

In the event that the transmittal form is separated from this document and the Patent and Trademark Office determines that an extension and/or other relief is required, applicants petition for any required relief including extensions of time and authorize the Commissioner to charge the cost

of such petitions and/or other fees due in connection with the filing of this document to **Deposit**
Account No. 03-1952 referencing **229752000701**.

Dated: January 26, 2006

Respectfully submitted,
